Ornamental Shade Trees

Shade Trees not only add beauty, but comfort and, also, a money value to the property where they are planted. Today, every one knows the value and use of Shade Trees. In comparing the comfort and beauty of suburban avenues on hot Summer days with the barrenness and glare of down-town city streets, one will appreciate the value of trees.

Trees perform a real service to man in protecting him from the rays of Summer sun when they are planted along the streets and avenues. The beauty and comfort given by trees make them worth many times more than they cost, and we can consider them a good financial investment. A few trees, which cost just a few dollars, will in the years that follow, add many dollars to the value of the property and make it much more saleable.

Write for special prices on Tree Seedlings for reforestation. We are glad to co-operate with you.

AMERICAN BEECH (*Fagus Americana*). A magnificent tree of spreading growth. The beautiful yellow foliage and gray bark make it very attractive. 6 to 8 feet, each \$1.00; per 10, \$8.00; 8 to 10 feet, each \$1.50; per 10, \$12.00.

WHITE BIRCH (*Betula Alba*). This is a small, or medium size tree. The white bark and dark green leaves, that turn pale yellow in the fall, makes this tree very popular. 3 to 4 feet, each 90c; per 10, \$8.00; 4 to 6 feet, each \$1.25; per 10, \$10.00; 6 to 8 feet, each \$1.75; per 10, \$15.00.

CUT-LEAF WEEPING BIRCH (*Alba Pendula*). A very vigorous grower in rich moist ground. Foliage deep cut, silvery white bark at maturity. 4 to 6 feet, each \$1.50; per 10, \$12.50; 6 to 8 feet, each \$2.50.

AMELANCHIER—SERVICE BERRY. One of our small trees. Has white cherry-like blossoms followed by red fruit of good flavor. 4 to 6 feet, each 75c; per 10, \$6.50.

NORWAY MAPLE (*Acer Platanoides*). One of the best shade trees for all purposes. Grows to large size and is of neat compact habit. 6 to 8 feet, each \$2.00; per 10, \$18.00; 8 to 10 feet, each \$3.00; per 10, \$25.00.

SCARLET MAPLE (*Acer Rubrum*). A fine tree for wet locations. Scarlet flowers in early spring, with dense foliage throughout the summer. 4 to 6 feet, each 60c; per 10, \$5.00; 6 to 8 feet, each 75c; per 10, \$6.50.

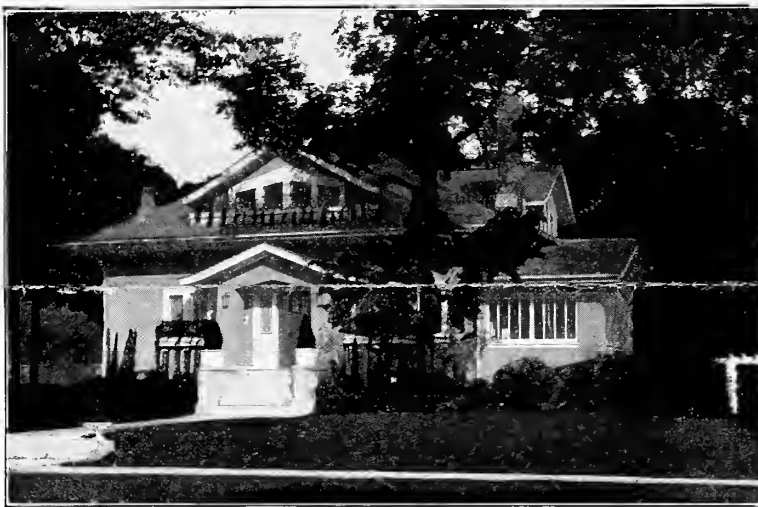

SUGAR MAPLE (*Acer Saccharum*). A most widely used tree for street or lawn planting. Grows to large size full and compact. 4 to 6 feet, each 40c; per 10, \$3.50; 6 to 8 feet, each 75c; per 10, \$6.50; 8 to 10 feet, each \$1.25; per 10, \$10.00; 10 to 12 feet, each \$2.00; per 10, \$15.00.

SILVER MAPLE (*Acer Dasycarpum*). A very rapid growing tree. Will grow in poor and dry soil. 3 to 4 feet transplanted, each, 25c; per 10, \$2.00; 4 to 6 feet transplanted, each 40c; per 10, \$3.50; 6 to 8 feet transplanted, each 75c; per 10, \$6.50; 8 to 10 feet transplanted, each \$1.25; per 10, \$10.00; 10 to 12 feet transplanted, each \$2.00; per 10, \$15.00.

WHITE DOGWOOD (*Cornus Florida*). One of our native, ornamental trees that is planted both for its early spring and late fall attractiveness. In the early spring the millions of white flowers appear before the leaves, then in the fall the foliage colors beautifully. 4 to 5 feet, each, 50c; per 10, \$4.50; 5 to 6 feet, each, 75c; per 10, \$6.50; 6 to 8 feet, each \$1.25; per 10, \$10.00.

Norway Maple

VARNISH TREE (*Koelreuteria Paniculata*). A very rare tree. In July it is covered with long clusters of golden yellow flowers and in Autumn the foliage turns to crimson and gold. 2 to 3 feet, each 50c; per 10, \$4.50; 3 to 4 feet, each 65c; per 10, \$5.00.

TULIP TREE (*Liriodendron Tulipifera*). This is a large stately tree of quick growth. Beautiful foliage the entire spring, summer and fall. 6 to 8 feet, each 75c; per 10, \$6.50; 8 to 10 feet, each \$1.00; per 10, \$9.00.

MAGNOLIA ACCUMINATA (*Cucumber Tree*). A tall-growing tree. Has large creamy white blossoms that appear among the deep green leaves, followed by cucumber-shaped fruits that turn bright crimson. 3 to 4 feet, each 50c; per 10, \$4.00; 4 to 6 feet, each 65c; per 10, \$5.00.

MAGNOLIA MACROPHYLLA (*Great Leaved Magnolia*). Same price as *Accuminata*.

MAGNOLIA TRIPETALIA. Same price as *Accuminata*.

LOMBARDY POPLAR (*Populus Nigra*). A very tall, shaft-like tree, that grows quickly. This tree is used more for ornament, such as lining a driveway, or a very high screen, than for shade. 3 to 4 feet, each, 25c; per 10, \$2.00; 4 to 6 feet, each 40c; per 10, \$3.50; 6 to 8 feet, each 60c; per 10, \$5.00; 8 to 10 feet, each \$1.00; per 10, \$9.00.

CHINESE LOMBARDY POPLAR (*Populus Simoni*). Same price as *Lombardy Poplar*.

WEeping WILLOW (*Salix Babylonica*). Tall, spreading, with long drooping branches. Prefers a moist location. 6 to 8 feet, each, 75c; per 10, \$6.50; 8 to 10 feet, each \$1.25; per 10, \$10.00.

PUSSY WILLOW (*Salix Caprea*). A small shrubby tree, with numerous upright branches. The catkins are highly prized for cutting and furnishing the first spring beauty to house decorations. 3 to 4 feet, each, 35c; per 10, \$3.00; 4 to 5 feet, each, 50c; per 10, \$4.50.

SYCAMORE (*Platanus Occidentalis*). A hardy, native tree, often reaches 100 feet. Bark peels annually and the new bark is silvery white. 4 to 6 feet, each 60c; per 10, \$5.00; 6 to 8 feet, each, 75c; per 10, \$6.50.

HORNBEAM (*Carpinus Americana*). Another low-growing, bushy tree. Will stand trimming well, therefore used extensively for hedging. Beautiful foliage in Autumn. 4 to 6 feet, each, 50c; per 10, \$4.00; 6 to 8 feet, each 75c; per 10, \$6.50.

CATALPA BUNGEI (*Umbrella Catalpa*). These are very ornamental trees, used more where special effect is desired, along driveways or walks. 5 to 7 feet, two years, each \$1.25; per 10, \$10.00.

CATALPA SPECIOSA (*Western Catalpa*). A very handsome tree, with large, tropical-looking leaves and big clusters of white flowers. A quick grower. 4 to 5 feet, each, 35c; per 10, \$3.00; 6 to 7 feet, each, 60c; per 10, \$5.00.

RED BUD (*Cercis Canadensis*). A very ornamental, low-growing tree. Along the numerous spreading branches in very early spring, the rosy-purple blossoms appear, even before the leaves, making it look like a pink cloud. 5 to 6 feet, each 50c; per 10, \$4.50; 6 to 8 feet, each 85c; per 10, \$7.50; 8 to 10 feet, each, \$1.25; per 10, \$10.00.

AMERICAN ELM (*Ulmus Americana*). A tall and stately tree. An ideal tree for the lawn, roadside planting, or street lining. 8 to 10 feet, each \$1.50, per 10, \$12.50.

CHINESE ELM. One of the quickest growing shade trees that we offer. Very hardy, and remarkably free from usual plant diseases. 6 to 8 feet, each, \$1.25; per 10, \$10.00; 8 to 9 feet, each \$2.00; per 10, \$17.50; 9 to 10 feet, each \$2.75; per 10, \$25.00.

MOLINE ELM. A much larger tree than the American Elm, growing in a pyramidal shape. Very desirable for street planting. 6 to 8 feet, each \$1.00; per 10, \$9.00; 8 to 10 feet, each \$2.00; per 10, \$17.50.

WITCH HAZEL (*Hamamelis Virginiana*). Very hardy tree. Showy yellow flowers appear after the ripening of the leaves, when other shrubs are dormant. 2 to 3 feet, each 40c; per 10, \$3.00; 3 to 4 feet, each, 50c; per 10, \$4.50.

PAUL'S SCARLET THORN (*Crataegus Oxycantha*). A most attractive tree for specimen planting. Flowers deep crimson scarlet, very double. 3 to 4 feet, each, \$1.25; per 10, \$10.00.

White Birch

Popular Ornamental Shrubs

Ornamental shrubs are extensively used in beautifying all homes. Homes, large and small alike need the finishing touch given by planting to make them homelike and attractive. A small investment in planting pays for itself many times over by increasing the value of your property and your satisfaction in owning it.

Flowering Almond

ALMOND—AMYGDALUS. Double flowering, beautiful erect-growing shrub, reaching a height of 4 to 5 feet. It is very attractive in early Spring, with its dainty double blossoms, which cover the branches in a cloud of bloom. Excellent for planting in clumps of taller shrubs, not yet in bloom, also evergreens. We have the pink flowering, also the white flowering. State color wanted. 18 to 24 in. each, 35c; per 10, \$3.00; 2 to 3 feet, each 50c; per 10, \$4.00; 3 to 4 feet, each 75c; per 10, \$6.50.

ALTHEAS. Beautiful bell-shaped flowers from August until frost. Grows 6 to 8 feet.
Anemoneflorus. Large, double red.
Amplexissima. Double, rosy red, blooming early.
Boule de Feu. Fine double red.
Bicolor. Double white with red markings.
Joan of Arc. Pure white and very double.
Lady Staley. Semi-double, white shaded to rose.
Pulcherrimus. Flowers of variegated tinge.
Paeniflorus. Double white with carmine center.
12 to 18 inch branched, each 15c; per 10, \$1.50; 18 to 24 inch branched, each 25c; per 10, \$2.00; 2 to 3 feet, each 35c; per 10, \$2.50; 3 to 4 feet branched, each 50c; per 10, \$3.50.

AMORPHA FRUTICOSA. A native shrub, blooming freely in June, with violet blue flowers. 2 to 3 feet, each 25c; per 10, \$2.00; 3 to 4 feet, each 30c; per 10, \$2.50.

BARBERRY THUNBERGII. A very attractive dwarf shrub. Dense in growth yet graceful on account of its drooping branches. Leaves color to scarlet in autumn. 12 to 18 inch, each 15c; per 10, \$1.25; 18 to 24 inch, each 25c; per 10, \$2.00; 2 to 3 feet, each 40c; per 10, \$3.50.

BUDDLEIA, BUTTERFLY BUSH. Grows 3 to 4 feet high. Long spikes of fragrant lavender flowers from July until frost. Often called Summer Lilac. 12 to 18 inch, each 25c; per 10, \$2.00; 18 to 24 inch, each 35c; per 10, \$3.00; 2 to 3 feet, each 45c; per 10, \$4.00.

CALYCANTHUS. A bushy dark-leaved shrub with sweetly fragrant flowers in spring. 12 to 18 inch branched, each 25c; per 10, \$2.00; 18 to 24 inch branched, each 35c; per 10, \$3.00.

CORNUS (RED BARK) DOGWOOD. Striking, bright coral red flowers in spring. Very ornamental for winter effects. Small white flowers in spring. 12 to 18 inch branched, each 10c; per 10, 75c; 18 to 24 inch branched, each 15c; per 10, \$1.25; 2 to 3 feet branched, 20c; per 10, \$2.50.

CORNUS LUTEA YELLOW BARK. This variety affords quite a contrast during the winter season. 12 to 18 inch, each 10c; per 10, 75c; 18 to 24 inch, each 15c; per 10, \$1.25; 2 to 3 feet, each 20c; per 10, \$2.00.

CRABE MYRTLE. A well-known shrub. Leaves small and shiny with flowers in large panicles. We offer both red and pink varieties. 12 to 18 inch, each 35c; per 10, \$3.00; 18 to 24 inch, each 50c; per 10, \$4.00; 2 to 3 feet, each 75c; per 10, \$6.00.

DEUTZIA. A very attractive and useful shrub, in various sizes, from dwarf to tall. Small white blossoms are very beautiful. The abundant foliage is an added attraction.

Candidissima. Pure white, double flowers.
Crenata. Light pink flowers.
Fortunei. Light pink flowers.
Pride of Rochester. White flowers, outer petals tinged with pink. 12 to 18 inch branched, each 15c; per 10, \$1.00; 18 to 24 inch branched, each 20c; per 10, \$2.00; 2 to 3 feet branched, each 35c; per 10, \$3.00.

ELDER (SAMBUCUS). A shrub with stout stems filled with white pith. Flowers large white opening in late spring; fruit black, very profuse, ripening in August or September. Grows from 6 to 10 feet tall.

American Elder. Cut Leaf Elder.
12 to 18 inch branched, each 20c; per 10, \$1.50; 18 to 24 inch branched, each 30c; per 10, \$2.50; 2 to 3 feet, each 40c; per 10, \$3.50.

EXCOCHORDA GRANDIFLORA, PEARLBUSH. Buds like pearls strung on slender threads, opening up to fragrant clusters of pure white flowers. Will grow 10 feet tall. 18 to 24 inch branched, each 25c; per 10, \$2.00; 2 to 3 feet branched, each 40c; per 10, \$3.00; 3 to 4 feet branched, each 60c; per 10, \$5.00.

FORSYTHIAS. An early blooming shrub, producing quantities of yellow, bell-shaped flowers before leaves appear.

Fortunei. Golden-yellow flowers, dark green foliage.
Intermedia. Bright-yellow blossoms, erect arching branches.
Suspensa. Long, curving branches, golden-yellow flowers.
Viridissima. Bright yellow flowers.

12 to 18 inch branched, each 15c; per 10, \$1.00; 18 to 24 inch branched, each 20c; per 10, \$2.00; 2 to 3 feet branched, each 35c; per 10, \$3.00.

HYDRANGEA A. G. Clusters of snow-white flowers throughout the summer. Resembles old fashion Snowball. Makes a fine hedge and will grow in shady places.

Spirea Anthony Waterer

Foundation Planting

HYDRANGEA ARBORESCENS WILD. A native plant of the mountains bearing white flowers in flat heads in summer. 12 to 18 inch branched, each 15c; per 10, \$1.00; 18 to 24 inch branched, each 20c; per 10, \$1.50; 2 to 3 feet branched, each 25c; per 10, \$2.00.

HYDRANGEA P. G. No other shrub will give quite "the value received" as will this shrub. Produces immense cone-shaped flowers of greenish white later turning to pink. Will grow 5 to 7 feet. 12 to 18 inch branched, each 25c; per 10, \$2.00; 18 to 24 inch branched, each 35c; per 10, \$3.00; 2 to 3 feet branched, each 50c; per 10, \$4.00.

LILACS. A very easily grown shrub. Perfectly hardy and blooms freely in April and May. Gives best results in rich, fertile soil.

Common Purple Lilac.
Rothomagensis, Persian Lilac.
12 to 18 inch branched, each 20c; per 10, \$1.75; 18 to 24 inch branched, each 25c; per 10, \$2.25; 2 to 3 feet branched, each 40c; per 10, \$3.00.

LONICERAS, BUSH HONEYSUCKLE. These plants are vigorous growers, free bloomers and easily cultivated.

SPECIAL EXTRA VALUE FOR EARLY ORDERS

We have never attempted to sell the lowest priced stock, but we have attempted, and we believe we have succeeded, in selling the finest quality trees and shrubs at prices so reasonable that many of our first customers are still with us. It is very easy to put off ordering trees and shrubs by mail. So, we have decided to make it worth while to those who will send their orders in now. 15 per cent extra value for orders placed before September 15th. If your order amounts to \$5.00 select 75c extra; if order amounts to \$10.00 select \$1.50 extra.

PRIVET. We are large growers of the Ligustrum, Privet, in varieties. For live fences at villages, town and country homes, it is the very best of all materials. On public grounds of all kinds, in parks and cemeteries, along roads and paths, on factory grounds, and in new subdivided areas, nothing else can be used to take its place. Note our special prices.

Amur River North. Very hardy and widely used in the North. 12 to 18 inch branched, per 10, 50c; per 100, \$3.00; 18 to 24 inch branched, per 10, 40c; per 100, \$2.50; 2 to 3 feet branched, per 10, 75c; per 100, \$4.50; 3 to 4 feet branched, per 10, \$1.00; per 100, \$6.00.

Amur River South. Where winter season is not too severe, will retain its foliage the entire year. Rich green foliage, compact in growth. 12 to 18 inch branched, per 10, 50c; per 100, \$3.00; 18 to 24 inch branched, per 10, 60c; per 100, \$3.50; 2 to 3 feet branched, per 10, 75c; per 100, \$4.50; 3 to 4 feet branched, per 10, \$1.00; per 100, \$6.00.

California Privet. Thick, glossy green foliage, nearly evergreen. 12 to 18 inch branched, per 10, 50c; per 100, \$3.00; 2 to 3 feet branched, per 10, 75c; per 100, \$4.50; 3 to 4 feet branched, per 10, \$1.00; per 100, \$6.00.

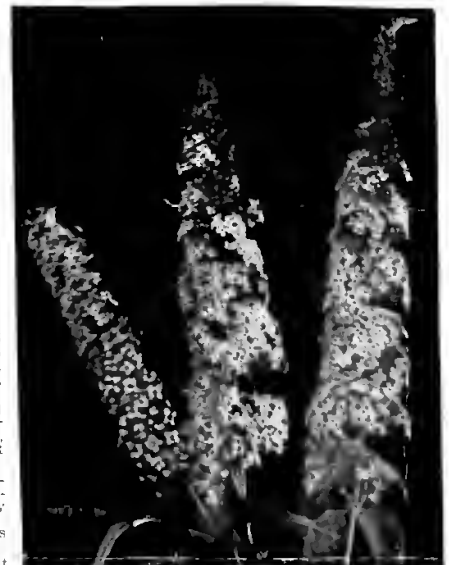

Idota Privet. A Japanese variety of beautiful character. Dark oval foliage and white flowers. Very hardy. 12 to 18 inch branched, per 10, 30c; per 100, \$2.00; 18 to 24 inch branched, per 10, 50c; per 100, \$3.00; 2 to 3 feet branched, per 10, 75c; per 100, \$4.50; 3 to 4 feet branched, per 10, \$1.00; per 100, \$6.00.

RHUS—SUMAC. These beautiful ornamentals have not been planted as they should be. In view of the brilliant color of foliage in autumn and the fruit for feeding the birds in the winter makes it very desirable.

Copallina. A tall shrub, with greenish yellow flowers. Lustrous leaves turn to crimson in fall.

Glabra. Will grow to small tree. Large and striking foliage. Great spikes of crimson seeds make it very ornamental.

Typhina. Valuable for its brilliantly colored autumnal foliage, and smooth velvet-like bark.

Buddleia, Butterfly Bush

12 to 18 inch, each, 10c; per 10, 85c; 18 to 24 inch, each, 15c; per 10, \$1.00; 2 to 3 feet, each, 20c; per 10, \$1.50.

SPIREA. An indispensable class of small to medium sized shrubs, embracing a wide range of foliage, habit of growth, color of flowers and season of blooming. All of easiest culture.

Anthony Waterer. Low-growing, bearing small heads of crimson flowers.

12 to 15 inch branched, each 20c; per 10, \$1.50; 15 to 18 inch branched, each 35c; per 10, \$3.00; 18 to 24 inch branched, each 50c; per 10, \$4.00; 24 to 30 inch branched, each 65c; per 10, \$5.00.

Billardi Pink and White. Most popular of the Spires. Blooms from July until frost.

Callosa Rosaes. Low-growing bush. Small flat heads of flowers appear in July.

Von Houttei. One of the most useful of all shrubs. Blooms during April and May. The branches of pure white flowers suggest a fountain of snow.

12 to 18 inch branched, each 10c; per 10, 75c; 18 to 24 inch branched, each 15c; per 10, \$1.00; 2 to 3 feet branched, each 25c; per 10, \$2.00.

Douglasii. Flowers deep rose color. Medium size shrub.

Opulifolia. A strong growing shrub, with white flowers.

12 to 18 inch branched, each 15c; per 10, \$1.25; 18 to 24 inch branched, each 20c; per 10, \$1.75; 2 to 3 feet branched, each 25c; per 10, \$2.00.

SYMPHORICARPOS Vulgaris—Red Snowberry. Another small shrub with light green leaves. Flowers are small, rose-colored, followed by an abundance of red berries, that remain on during the winter.

12 to 18 inch branched, each 15c; per 10, \$1.25; 18 to 24 inch branched, each 25c; per 10, \$2.00; 2 to 3 feet branched, each 40c; per 10, \$3.00.

Viburnum Plicatum—Japan Snowball. A compact-growing shrub, with brownish-green leaves. Flowers appear in June. Fine for individual planting. 12 to 18 inch branched, each 35c; per 10, \$3.00; 18 to 24 inch branched, each 45c; per 10, \$4.00; 2 to 3 feet branched, each 65c; per 10, \$6.00.

WEIGELA. One of the best deciduous flowering shrubs for any location. Has large and attractive foliage, also large clusters of trumpet-shaped flowers that make a wonderful display in spring and early summer.

Amabilis. Pale pink flowers.
Gustav Mallet. Reddish-pink.
Hendersonia. Dark pink; very strong growing.
Mme. Lemoine. Flowers bluish changing to deep pink.
Rosea. Clear pink. One of the best known varieties.
Variegata. Leaves bordered with yellowish white; pink flowers.

12 to 18 inch branched, each 20c; per 10, \$1.50; 18 to 24 inch branched, each 25c; per 10, \$2.00; 2 to 3 feet branched, each 30c; per 10, \$2.50; 3 to 4 feet branched, each 40c; per 10, \$3.50.

Selection of Spring Flowering Bulbs for Fall Planting

PEONIES

We are over stocked on these, and in order to move them, we are offering them at unheard of low prices. Here is your chance to obtain some of these gorgeous garden perennials at a real price-saving bargain.

Althea, Rose of Sharon

BOYD NURSERY CO., McMinnville, Tenn.

HARDY EVERGREENS

Evergreen trees are always dependable. They are hardy and readily take their proper place in any landscape scheme. For massed plantings, they are more desirable than deciduous trees, while for specimen planting they also have a high value.

AMERICAN ARBOR VITAE (*Thuja Occidentalis*). A beautiful pyramidal-shaped tree, with deep green, feathery and spray-like foliage. Used extensively for foundation plantings. 12 to 18 inch, each 50c; per 10, \$4.00; 18 to 24 inch, each 85c; per 10, \$7.50; 24 to 30 inch, each \$1.25; per 10, \$10.00.

Berckman's Golden Arbor Vitae (*Thuja Oc. Aurea Nana*). Dwarf, compact shrub, with foliage a bright, lustrous yellow. Fine for porch decoration. 12 to 15 inch, each \$1.25; per 10, \$10.00; 15 to 18 inch, each \$2.00; per 10, \$18.00; 18 to 24 inch, each \$3.50; per 10, \$30.00; 24 to 30 inch, each \$4.00.

Abelia

Chinese Arbor Vitae (*Thuja Orientalis*). Small tree, very compact and bushy. Foliage bright green, bronzy in winter. 12 to 15 inch, each 45c; per 10, \$4.00; 15 to 18 inch, each 65c; per 10, \$6.00; 18 to 24 inch, each 85c; per 10, \$8.00; 24 to 30 inch, each \$1.25; per 10, \$10.00; 30 to 36 inch, each \$1.75; per 10, \$15.00.

Compact Arbor Vitae (*Thuja Or. Compacta*). Formal and decidedly attractive hence a favorite. Quite dwarf, with bright green foliage. 12 to 15 inch, each \$1.00; per 10, \$9.00; 15 to 18 inch, each \$1.50; per 10, \$12.50; 18 to 24 inch, each \$2.50; per 10, \$20.00; 24 to 30 inch, each \$3.50; per 10, \$30.00.

Pyramidal Arbor Vitae (*Thuja Or. Pyramidalis*). An extremely compact, pyramidal-shaped variety, very similar to American Arbor Vitae, its foliage however is much thicker and of a darker green color. Very good for entrance plantings. 15 to 18 inch, each \$1.75; per 10, \$15.00; 18 to 24 inch, each \$2.50; per 10, \$20.00.

Wareana Arbor Vitae (*Thuja Oc. Wareana*). When young globular in shape, but when attains age, assumes a more upright habit. Foliage handsome sage green color. 12 to 15 inch, each 90c; per 10, \$8.00; 15 to 18 inch, each \$1.25; per 10, \$10.00; 18 to 24 inch, each \$2.00; per 10, \$18.00.

JUNIPERUS HIBERNICA—Irish Juniper. Distinct and beautiful, of a slender, erect, dense growth, with foliage very glaucous. 12 to 18 inch, each 80c; per 10, \$7.50; 18 to 24 inch each \$1.00; per 10, \$9.00; 24 to 30 inch, each \$2.00; per 10, \$17.50; 30 to 36 inch, each \$3.00; per 10, \$25.00.

J. Canadensis—Spreading Juniper. Especially useful for edging groups of upright evergreens. Is spreading in habit of growth and is very attractive. 12 to 15 inch, each \$1.00; per 10, \$9.00; 15 to 18 inch, each \$1.25; per 10, \$10.00; 18 to 24 inch, each \$2.00; per 10, \$18.00; 24 to 30 inch, each \$3.00; per 10, \$25.00.

Juniperus Virginiana—Red Cedar. A very hardy, pyramidal shaped evergreen tree, with light green foliage, which becomes darker as the season advances. A very rapid grower. 12 to 18 inch, each 50c; per 10, \$4.00; 18 to 24 inch, each 75c; per 10, \$6.00; 2 to 3 feet, each \$1.25; per 10, \$10.00.

PICEA EXCELSA—Norway Spruce. Planted more extensively than any other evergreen. Can be used for window boxes and group plantings. Foliage varies from rich, dark green to very light green. 12 to 15 inch, each 95c; per 10, \$8.00; 15 to 18 inch, each \$1.25; per 10, \$10.00; 18 to 24 inch, each \$2.00; per 10, \$17.50; 24 to 30 inch, each \$2.50; per 10, \$20.00.

ABELIA GRANDIFLORA—Glossy Abelia. Foliage a bright green with globular shaped flowers about an inch long, white flushed with pink, and these continue through the summer. A very handsome shrub. 12 to 15 inch, each 25c; per 10, \$2.00; 15 to 18 inch, each 40c; per 10, \$3.50; 18 to 24 inch, each 60c; per 10, \$5.00; 2 to 3 feet, each 85c; per 10, \$7.50.

Fruit Trees -- Grape Vines -- Strawberry Plants

Because fruit, bought of others, is often expensive, some people feel that fruit trees are costly to buy and hard to raise successfully. The fact is that for a few dollars the average home can raise a surprising quantity of excellent fruit in great variety. Grape vines, bearing huge flavory bunches, can be trained along the side of the garage, adding to its beauty. Grapes trained along fences add charm to the grounds and save money in the kitchen.

A few fruit trees wisely placed yield shade, beauty, pleasure, and very often profit from the sale of fruit. And, even in a small yard, you can raise a remarkable variety of grapes, gooseberries, strawberries, raspberries, apples, plums, cherries, peaches and pears.

Look at the following prices, see what a surprising assortment you can buy for only a small amount of money. Remember our trees come to you under a guarantee of satisfaction or your money refunded, provided you advise us promptly upon receipt of the shipment.
